

CATTLE, CARBON, & COMPOST

A SOIL CARBON WORKSHOP

Sponsored by the Yolo County RCD

Thursday, Sept. 27th

9-11am

Yolo Land & Cattle

24445 County Rd. 25, Esparto

Learn about a new research effort seeking to improve forage and increase rangeland soil carbon storage. Tour compost trial sites and see a 50-acre compost application.

PLUS...

- Soil carbon basics
- Rangeland compost Q & A
- Carbon farm planning
- Past and current research
- Climate change and agriculture policy update

AND... 11:30-1pm a discussion on climate impacts on farming and ranching

For details and to RSVP contact Alex Palmerlee: palmerlee@yolorcd.org
